The RE Store - Retail Sales Staff

The RE Store is a program of RE Sources, a non-profit environmental education and advocacy organization based in beautiful Bellingham, Washington. RE Sources protects the communities, creatures and wild places of the central Salish Sea region through a combination of bold advocacy, public issue-focused education, hands-on environmental education for students, scientific fact and effective action.

The RE Store stands against racism, white supremacy, and injustice and the ingrained structures and institutions that enable and perpetuate them. Indigenous, Black and other communities of color, as well as low income families and children, are disproportionately harmed by environmental degradation and climate change. We envision a future where every person benefits from clean energy, less pollution and thriving outdoor places.

As a community focused architectural salvage center, we work to create a culture of reuse by diverting waste from the landfill, offering affordably-priced building materials and home furnishings for all income levels, providing job training opportunities, and fostering an inclusive space where all feel welcome.

The RE Store Sales Staff's primary responsibilities are driving sales and operations including maximizing our diversion potential, merchandising, customer service, working with and training volunteers and trainees.

Responsibilities:

- Ability to safely lift 50 pounds throughout the day, as well as be on your feet
- Provide enthusiastic and attentive customer service.

- Maintain departments and aisles for safety, display and ease of shopping.
- Multi-tasking while cashiering, including answering phone/email, and data entry.

- Learn and follow all RE Store policies and procedures as outlined in the RE Store manual and become familiar with our mission and practices.

Our goal is to be a diverse workforce that is representative of our region's communities. RE Sources encourages applications from Black people, Indigenous people, people of color, persons with disabilities, women, and gender-nonconforming people especially in occupations or positions where they are underrepresented. Data shows that women and BIPOC candidates often hesitate to apply for a job because they may not meet all the qualifications listed. If you feel passionate about our efforts and believe that you have the skills to contribute to the growth of our organization, we want to hear from you.
